Glue

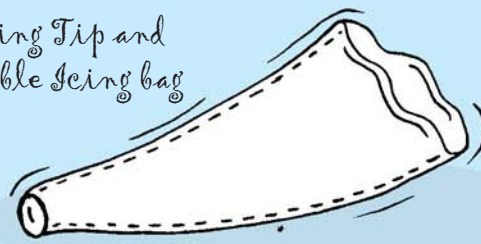

Snow Tex or any

Muffin Pan that

Decorating Tip and  
Disposable Icing bag

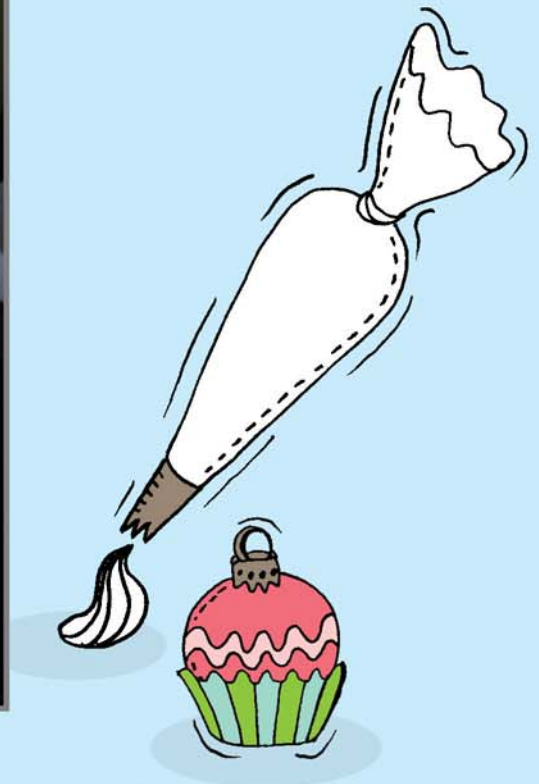

## Directions.....

1. Add plenty of glue to the lower half of the plastic ornament.
2. Place ornament in cupcake wrapper.
3. Place in Muffin Pan ensuring the cupcake is straight up.
4. Let dry.  
(overnight for best results)

# Icing the Cupcakes

1. Place your decorating tip in the disposable icing bag.
2. Place bag in a tall glass for easy filling.
3. Fill icing bag with Modelling Paste.
4. Twist top of bag and squeeze out the paste onto the top of the ornament ball... just like you're icing a cupcake.
5. Embellish with a small red ball for the Cherry and sprinkle the beads for sprinkles. Let dry completely...overnight.

Add a nice mettalic ribbon or a golden string to each cupcake and hang it on your tree or package them and share them as Holiday Gifts!

Enjoy! Hugs, Diana Evans
